Modules

To make your code more modular

Intro

| project.py | | | |
|------------|--|--|--|
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |

Intro

| project.py | | |
|------------|--|--|
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

| module1.py | |
|------------|--|
| | |
| | |
| | |
| module2.py | |
| | |
| | |
| | |
| module3.py | |
| | |
| | |
| | |

from module name import block name

| math.py | | | | |
|---------|--|--|--|--|
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

i.e. from math import tan

from pkge name.module name import block name

| Science Directory (Folder) | | | | | |
|----------------------------|---------|------------|--|--|--|
| | math.py | physics.py | | | |
| | | | | | |
| | | | | | |
| | | | | | |

i.e. from science.math import tan
